Malikhia Wrenk,  
Sagemaster of Umbra,  
claims there are few  
necromancers and would  
be interested in speaking  
with more. He's tainted  
by Barl's lies, however,  
and believes Oblivion is  
flawed.

His preferred style is  
blood magic.

For magery, he likes  
pyromancy.

He might be teachable, he  
realizes his knowledge of  
the faith is  
misinformation.
